

ALEX FLORES

Mobile Developer · Web Developer

SUMMARY

I have worked as a web developer and then I also immersed myself in the mobile world. Motivated and dedicated to what I do, and eager to boost my career creating applications. I have been lucky of being part of teams at Fiverr and companies like Movilges and Movetia.

EXPERIENCE

Aug 2022 - present · Fiverr

Web Developer | Mobile Developer

Web development through intermediaries on platforms such as Fiverr, using React and Javascript (JS) libraries as well as version control with Git.

Layout of web applications for blockchain companies with **ReactJS, HTML, CSS, Javascript(JS)**.

Development of various mobile application development tasks with React Native.

Jul-Aug 2022 · Movetia

Mobile Developer

Changing parts of the frontend of some applications of one of the most important banks.

Maintaining applications of hybrid technologies such as React Native.

Stack: Swift, hybrid technologies for development on ios and android, such as **React Native**.

Mar-Jun 2022 · Movilges

Web Developer

Internship on a company that manages a Warehouse Management System. My projects:

Painting data from a warehouse management system in graphs, and

Importing new data from excel files into databases.

Stack used: **Git**, Spring, **Bootstrap**, Javascript ES6 (JS), libraries like Chart.js, React

Aug 2021 - Apr 2022 · Upwork

Web Developer

Commissions on Fiverr from Crypto companies specialized in **React**.

Layout and development of web applications given the designs (using Figma or AdobeXD).

Collaboration with Seniors who taught me the basics of React.
